Summer School Enrollment

Summer School begins on Wednesday, June 1 and ends Thursday, June 30. Enrollment for summer school is now closed. If you need your child to ride a bus but have not returned the bus information sheet indicating which bus stop you need, I need those forms by Friday. Due to work being done in our building, summer school for Intermediate will be held in the Junior High.

Summer Library Program

Don't forget about the summer library program run by Mrs. Moore! Our library is open to the community throughout the summer, and she brings in guest speakers and has fun activities for kids to participate in! For more information, please contact Mrs. Moore at smoore@cjl.org! Remember, we will be in the Junior High this summer!

Teacher Appreciation Week

This week is Teacher Appreciation Week! Please encourage your children to say a special "thank you" to their teacher sometime during the week.

Message from Nurse Amberlee

Any medicine will need to be picked up by a parent or an adult by the last day of school. Any medicine left will NOT be sent home with students for safety reasons and will be disposed of properly. THANK YOU!

Also, don't forget to notify the school nurse of any changes to medical information, including new immunization records if any immunizations are received."

Transportation

The Carl Junction Transportation department is looking for bus drivers. This is a part-time position that would allow you to spend more

time with your children while they are at school or activities. Training will be provided and the district will reimburse you for the cost of your license. If you can drive a car, we can teach you to drive a bus! If you're interested apply online at www.cjr1.org, contact the transportation department at 649-5740 or contact Jared Richmond at extension 2365 or jrichmond@cj.k12.mo.us for more information.
