OVERVIEW OF CONTENTS

Public Schools' chief purpose is to provide educational opportunities for youth of school age. It is the duty of these youth to conduct themselves properly. Regular attendance and diligent study habits are necessary to attain the full benefits of education. Students enrolled at CJHS are expected to observe the rules of proper conduct, as determined by the Board of Education, to maintain an appropriate learning environment. These rules may be communicated through policy, minutes of the Board of Education, the student handbook, and periodic announcements to students.

This handbook seeks to provide a clear statement of the expectations the Carl Junction R-1 School District has for its students, and the consequences that will follow when deviations from these expectations occur. It is intended to ensure a safe and orderly environment for learning, and to prevent actions which might interfere with the school's educational mission. The great majority of Carl Junction High School students demonstrate good behavior while participating in the educational program. However, a guide is useful in providing pertinent information for students, parents, staff, and other individuals involved with, or interested in, student behavior at CJHS.

Specifically, this guide will (1) clarify student behavioral responsibilities, (2) identify student rights, (3) identify illegal and unacceptable behaviors, (4) outline procedures for disciplinary decisions, and (5) establish procedures to appeal decisions. The causes and remedies for discipline problems need to be understood by all persons affected in order to maintain an appropriate learning environment.

This handbook also provides general information that is pertinent for the overall successful operation of the school, and the safety of all students and school personnel.

CARL JUNCTION R-1 SCHOOL DISTRICT PHILOSOPHY AND GOALS

DISTRICT PHILOSOPHY

A democratic society depends upon a public education designed to prepare students to become productive members of society. Carl Junction Public Schools strive to provide an environment which recognizes each student as a unique individual with special abilities. Addressing these abilities requires a curriculum that promotes the intellectual, physical, social, and career development of all students on a level commensurate with their capabilities, thus preparing responsible citizens accountable for their own actions.

We believe the school is an integral part of the community, and as such, must compliment the child's development as a member of their community. Students should have access to educational opportunities regardless of race, color, creed, or socioeconomic status. In turn, students are expected to achieve their greatest potential, enabling them to make their greatest contribution to society.

Educational development is a life-long process. A thorough understanding of basic skills is essential for all areas of development. It is also necessary to teach students how to adapt to an ever-changing society. Opportunities for growth in vocational skills, fine arts, and humanities will enable students to develop technical skills, creativity, self-expression, and authentic values. Guidance through these processes develops the desire and skills to continue learning throughout life. Additionally, we will foster a feeling of self-worth by providing all students with opportunities to succeed. It is our intent that parents/guardians impart to students a basic confidence in our schools. Only through the joint efforts of all students, educators, and parents can the goals of education be fully set.

DISTRICT GOALS

The Carl Junction Schools recognize the responsibilities of providing the learning vehicle that will promote the development of sound minds, healthy attitudes, and productive citizens. The school administration will endeavor to secure, promote, and encourage the most qualified staff available and provide a properly regulated learning environment with a skillful administration of authority.

We also feel that citizens of the Carl Junction community and students jointly share this responsibility. Parents/guardians should participate in school activities and encourage students to give their best efforts to daily school responsibilities. Our goals correspond closely to those established for all Missouri schools by the Missouri Department of Elementary and Secondary Education, and are relevant to the needs of our community. Students will be provided with opportunities to develop to the extent to which they are capable of achieving in the following four areas:

- **Intellectual Development**

It is the goal of this district to promote a positive attitude toward learning in a success-oriented environment geared to individual abilities. Students will have appropriate educational experiences that allow them to become competent in the basic skills and functionally literate members of society. Students will have the opportunity to become proficient in communication, quantitative thinking, scientific understanding, analytical and critical reasoning, decision making, and aesthetic appreciation.

- **Physical Development**

It is the goal of this district to promote a positive attitude toward physical activity, good health, and constructive recreational activities. Students will be provided systematic and sequential instruction in nutritional, health, and safety concepts as applied to human development and well-being.

- **Social Development**

It is the goal of this district to foster feelings of self-worth and to convey the concept of responsibility for one's own actions. Students will be provided opportunities to develop social skills, to understand their relationships to historical perspectives, to develop positive attitudes toward the aesthetic qualities of their environment, and to develop practical living skills. Students will develop knowledge of and respect for different racial, religious and social backgrounds, and be exposed to positive moral and ethical values.

- **Career Development**

It is the goal of this district to offer opportunities that prepare students to be responsible citizens and productive family members. Students will be provided information and appropriate activities to develop skills necessary for economic self-sufficiency. These activities will touch on the social significance of work and will provide guidelines for analyzing one's aptitude for various careers choices.

Students who need to leave for various reasons (illness, appointments, etc.) must get permission from their parents/guardians and the office. Students who forget something will not be allowed to leave school. Students must sign out at the office before leaving. Students who leave school without signing out will be considered truant and disciplined accordingly. Students may not leave early to attend night school or work. Students may not leave campus to eat lunch, and may not have lunch delivered to them unless permission has been obtained in advance from the administration.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT NOTIFICATION

The Family Education Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (eligible students) certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
4. The District will release the names, addresses and phone numbers of secondary students to military recruiters or institutions of higher education unless the parent/guardian notifies the District otherwise. The District will also release directory information without parental consent unless the parent/guardian notifies the District otherwise. Even if parents or eligible students notify the district in

writing that they do not want directory information disclosed, the district may still disclose the information if required or allowed to do so by law.

General Directory Information – The following information the district maintains about a personally identifiable student may be disclosed by the district to the school community through, for example, district publications, or to any person without first obtaining written consent from a parent or eligible student:

Student's name; date of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); student identification number; user identification or other unique personal identifier used by the student for the purposes of accessing or communicating in electronic systems as long as that information alone cannot be used to access protected educational records; participation in district-sponsored or district-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors and awards received; artwork or coursework displayed by the district; schools or school districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information – In addition to general directory information, the following information the district maintains about a personally identifiable student may be disclosed to parent groups or booster clubs that are recognized by the Board and are created solely to work with the district, its staff, students and parents and to raise funds for district activities for the purposes of encouraging membership or participation in the group or club; parents of other students enrolled in the same school as the student whose information is released when the release is for the purpose of facilitating communication between parents; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services for official governmental purposes:

The student's address, telephone number and e-mail address and the parents' addresses, telephone numbers and e-mail addresses.

The law declares this information as a public record. If you wish to restrict the release of information for your child, notify your child's building office in writing within the first ten (10) days of school each year. Notifications received after ten days will be accepted but will not be retroactive.

To find more information about our district's policy on directory information, Policy JO-1, click on the following link, [Carl Junction Directory Information](#)

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW Washington, DC 20202-4605

STAFF/STUDENT ELECTRONIC COMMUNICATION

Staff members are encouraged to communicate with students and parents/guardians for educational purposes using a variety of effective methods, including electronic communication. As with other forms of communication, staff members must maintain professional boundaries with students while using electronic communication regardless of whether the communication methods are provided by the district or the staff member uses his or her own personal electronic communication devices, accounts, webpages or other forms of electronic communication. For more information, see [Policy GBH](#).

VISITATION

Parents are encouraged to visit the school whenever they wish. Visitor parking is available in front of the high school (north side). Visitors must check in at the office upon arrival and obtain an ID badge. In order to avoid confusion in the classroom, no visitors other than parents/guardians will be allowed in classrooms or at lunch unless approved by the administration and pre-scheduled.

HALL PASSES

Students are not to leave the classroom during class time without permission from their teacher. Any time students leave the classroom, they must have a hall pass.

PUPIL INFORMATION OR CHANGE OF ADDRESS

It is the student's responsibility to notify the office immediately of any change to name, address, home telephone number, or parents'/guardians' work telephone number. It is very important to keep our records up to date in order to contact a parent/guardian in case of an emergency.

CURRICULUM & INSTRUCTION

Our district, in accordance with the law, will notify the parents/guardians of each student enrolled in the district of the basic content of the district's human sexuality instruction that will be provided to their student. The district's human sexuality instruction shall include, but is not limited to:

- the characteristics of, and ways to identify, sexual predators;
- the safe and responsible use of the internet, including dangers of online sexual predators;
- the potential consequences of inappropriate texting and the importance of open communication with responsible adults regarding any inappropriate situation, activity, or abuse.
- trauma-informed, developmentally appropriate training on sexual abuse.

The district will also notify parents/guardians of their right to remove their student from any part of the district's human sexuality instruction. For more information please click on the following policy link, [Policy IGAEB](#).

Because virtual instruction can be an effective education option for some students, the district may offer virtual courses to students through district staff or by contracting for those services as part of the district-sponsored curriculum. In addition, eligible students may enroll in virtual courses offered through the Missouri Course Access Program (MOCAP). An application must be submitted each semester that virtual classes are requested. The request dates for virtual instruction are during the spring student enrollment period (February) and August 19- 21 for the fall semester. Spring semester requests can be made November 13 - December 3.

The schedule request deadline for in-person fall semester courses is the third day of school. Requests for spring semester courses must be submitted by the last day of regular classes before fall semester finals begin. For more information please click on the following link [Policy IGCD](#).

On days when there is an unexpected school closure, an Alternative Methods of Instruction (AMI) plan may be implemented. AMI plans allow students to continue learning during school hours that are lost or canceled due to exceptional or emergency circumstances. Teachers will review expectations for AMI days with students early in the year and will revisit AMI assignments regularly throughout the year. All students will have access to AMI assignments, either electronically or on paper. The school district will notify students and parents on each day of closure whether the AMI plan is to be implemented for that day.

CAREER READINESS

Students can find information concerning occupations that have a critical need or shortage of trained personnel as provided by the State Board of Education by clicking on the following link;
<https://dese.mo.gov/college-career-readiness/school-counseling/legislation>.

MEDICATION

If it becomes necessary for a student to take any form of medication at school, the following procedures must be followed:

Prescription Medication

1. The student's physician shall provide the school with a written request that the student is given medication during school hours. The request shall state the name of the student, name of drug, dosage, frequency of administration, how the medication is to be given, and the doctor's name.
2. The parent/ guardian will provide a written request that the school comply with the doctor's request.

3. Parent/guardian will supply the medication in a properly labeled container from the pharmacy with only the doses to be given at school.
4. The district will not administer the first dose of medicine. Medicine should not exceed a 30-day supply.
5. The district does not permit the possession or administration of marijuana or marijuana-infused products for medicinal purposes on district property or at district events because these products remain prohibited under federal law.
6. Students 18 years or older with a valid hemp extract registration card may possess CBD oil on district property for the limited purpose of bringing it to the health office where it will be stored with other medications and administered to the student by nursing staff for the treatment of epilepsy. Students who have a prescription for medication containing CBD will be permitted to possess and administer the prescription medication in accordance with [Policy JHCD](#).

Over-the-Counter Medication

1. Students must bring the medicine (Advil, aspirin, allergy pills, vitamins, supplements, etc.) to the office and have written parental permission to take it. State law prevents students from keeping the medicine themselves. Students will be disciplined according to the possession of drug/alcohol policy in the student handbook for carrying medication.
2. With written parental permission, office personnel will administer the medicine on an as needed basis. Office personnel will not administer any medicine unless it is stored in the office.
Permission for students to self-administer medication for asthma or other potentially life-threatening respiratory illnesses must be granted by the Board of Education (see JHCD of Board Policy).

HEALTH SCREENINGS

Health screenings, including, but not limited to vision, hearing, and scoliosis, are performed by the appropriate school personnel at the request of the parent, student, or district staff member.

ACCIDENTS AND SAFETY

We should always have the correct address and telephone number of your home and of your parent's place of employment. Both the teacher and the student should report all accidents to the office. An accident report should be completed by the teacher and submitted to an administrator

We must be conscious of the safety standards set by the school district, teachers, and students. Our school environment is crowded and actions that result in accidents are unacceptable. Your teachers, coaches, auxiliary staff, and administrators are all genuinely concerned with your safety. Our rules about no running, bus conduct, safety glasses, etc., are for your protection. Please adhere to the safety standards set for everyone so you will not be responsible for an accident to yourself or someone else.

No individual who has reached the age of 21 will be allowed to attend dances as the guest of a student. Any other exceptions must be approved by the principal. Verification of current enrollment is the student's responsibility. All guests must be registered at the door. Remember, you are responsible for your guest. Any student at the activity not conducting himself or herself in a proper manner, as interpreted by the chaperones, will be asked to leave. Misconduct will be reported to the administration.

Students' behaviors should be refined and courteous at all times during an assembly. Attendance is mandatory for all students enrolled in the block during which the assembly is scheduled. Students are not allowed to go back to classrooms without the teacher being present. Teachers will lock their classroom doors when attending an assembly. The conduct of a school's student body at an assembly is a reflection of its culture. Whether guests are present or not, each student is personally responsible for the impression made by the school as a whole. Unacceptable conduct includes whistling, uncalled-for clapping, boisterousness, and talking.

REPORT CARDS AND PROGRESS REPORTS

A progress report is generated in each subject at the midterm and at the end of each quarter. The semester average is recorded on each student's transcript. Semester grade cards will be distributed to the students & parents as soon as possible following the close of the reporting period. Quarterly and mid-term progress reports can be viewed through the parent portal. Parents of students with failing grades are encouraged to personally contact the teacher.

PowerSchool ONLINE GRADING PROGRAM

The high school faculty and staff recognize the importance of school-home communication, and encourage parents to be active participants in all areas of their student's education. Our PowerSchool program provides teachers with a communication pathway to keep parents informed, and allows parents to support the learning process. Additionally, it serves as a motivational tool to encourage students to complete class assignments and better prioritize and plan study time. The high school faculty has established the following timelines to assist parents and students:

Pre-posting of Due Dates:

- Major tests and/or projects will be posted one-week in advance of the due date. Pre-posting of daily assignments and quizzes is optional and left up to individual teachers. Developing self-discipline and organizational skills is an essential skill at the high school level; therefore we believe students need to be responsible for recording daily assignments.

Posting of Grades:

- Grades for daily assignments and quizzes will be posted and updated on a weekly basis.
- Major tests and/or projects will be graded and posted within two weeks of the due date.
- Research papers will be graded and posted within three weeks of the due date. (In all cases, teachers will make every attempt to post grades as soon as possible, however, the above posting guidelines will be used as the maximum time between due dates and postings.)

MANDATORY SEMESTER TESTS

All students are required to complete comprehensive exams in each class to assess learning at the end of each semester. These tests will be administered during the final few days of the semester. Specific dates and times will be announced. Exceptions to the semester test policy must have administrative approval.

TEXTBOOK FEES

If students receive a textbook for a class, they are responsible for returning the book to the teacher or paying for the book prior to being issued another book. If lost or damaged, the student will be required to pay the bill as presented by the teacher. General lost books are depreciated over a five-year tenure at an average starting cost of \$70.00 per book.

*All fines/fees must be paid upon students' withdrawal or the last day of school. Consequences will be given for students who are not cleared for the current school year.

LOCKERS

Lockers will be assigned as you enroll. Students are not charged a locker fee and the school maintains a dual authority with the students in this area. Administrative searches of lockers may be made based on reasonable suspicion of illegality or breach of school discipline policy. We reserve this right to maintain the integrity of the school environment and to protect other students. Students should keep their lockers locked at all times and not share their combination with other students, and NEVER change lockers without permission from an administrator. Graffiti on or damage to a locker will be the responsibility of the student assigned to that locker. The locker may need to be cleaned and/or repaired as decided by the administration. Bottles, cans, cups, or any liquid containers are not to be kept in lockers (without administrative approval). Magazines, books, pictures, and other items considered to be in poor taste (according to dress code) are not to be on or in lockers. Locker doors should be shut and latched. Detentions and loss of locker privilege will be issued for violation of any of the above. The school does not assume responsibility for property removed or stolen from lockers. The students should not place valuable items or money in lockers.

***Physical education students should not leave valuables in the locker room, as the school is not responsible for such items.**

CARL JUNCTION HIGH SCHOOL SPECIAL PROGRAMS

THE A+ SCHOOLS PROGRAM

The Missouri Department of Elementary and Secondary Education has designated Carl Junction High School as an A+ School. The A+ Schools grant provided the opportunity and funding for Carl Junction High School to make basic changes designed to guide students in a rigorous program of academic and technical education that will prepare them for the workplace, post-secondary vocational/technical training, or college.

*Students must read and complete the drug consent form to participate in the A+ program.

Goals of an A+ School . . .

- To ensure that all students graduate from high school.
- To ensure that all students complete a selection of high school studies that is challenging and has identified learning expectations.
- To ensure that all students proceed from high school graduation to a college, post-secondary vocational or technical school, or a high wage job with workplace skill development opportunities.

A+ Financial Incentives . . .

Eligible Carl Junction High School students may receive two years of free tuition, books, and fees from any Missouri public community college, vocational school, or technical school. Graduates are eligible to receive financial reimbursement if they:

- Are a U.S. Citizen, or permanent resident;
- Enter into a written agreement with the A+ designated high school prior to high school graduation;
- Attend a designated A+ School for any two of the four years prior to high school graduation.
- Maintain a GPA of 2.5 on a 4.0 scale;
- Maintain a high school attendance record of 95%;
- Tutor or mentor other students for 50 hours of which up to 25% may include job shadowing;
- Complete drug consent form;
- Maintain a record of good citizenship and avoid the unlawful use of drugs;

- Beginning with the high school senior class of 2015, have achieved a score of proficient or advanced on the Algebra I end-of-course exam;
- Attempt to secure all available federal financial assistance funds that do not require payments; and
- Plan to enroll in and attend, on a full-time basis, a Missouri public community college, technical school, or participating institution, maintaining a GPA of 2.5 or above.

FRANKLIN TECHNOLOGY CENTER, CARTHAGE TECHNICAL CENTER, CROWDER JOPLIN CAMPUS (AMT PROGRAM), and MOSO CAPS

Attending Franklin Technology Center, Carthage Technical Center, or Crowder College is a privilege and carries with it certain responsibilities. Carl Junction R-1 spends over \$150,000 per school year to give students this opportunity. Please take advantage of the opportunity to experience fields of learning that are not offered on the Carl Junction campus.

1. Bus transportation is provided and required. Students attending off-campus classes must ride the bus unless excused by the high school administration. Students missing the bus will not be allowed to drive without written administrative authorization and will spend the remainder of their off-campus blocks in ISS. Students that drive/ride without permission will be considered tardy at CJHS for the first block of the day and receive detentions, ISS and/or possible dismissal from the program.
2. Attendance at Franklin Tech, Carthage Tech, Crowder College, or MOSO Caps, may not always correspond with CJHS. Students are expected to attend classes according to the FTC, CTC, or Crowder calendar.
3. Students are allowed to miss up to 18 days during the year (9 per semester) at Franklin Tech. After exceeding this number, the student may lose credit in the class. At Carthage Tech, a student can forfeit credit after the 7th absence, or 10th absence for a course that meets every day. Students attending MOSO Caps will follow attendance criteria as established by program directors.
4. Attendance at Franklin Tech, Carthage Tech, Crowder College, or MOSO Caps does not excuse the student from application of the CJHS discipline code. Students must also follow rules established by Joplin/Carthage school districts, Crowder College and MSSU.
5. Students who choose to enroll in classes at FTC, CTC, or Crowder College will not be eligible for early graduation. These programs require two full years of attendance in order for students to achieve certification.
6. Students who choose to enroll in the MOSO Caps program will not be eligible for early graduation. This program is a year-long program commitment.

STUDENT COUNCIL

Your Student Council provides for student activities, serves as a training experience for both leaders and followers, promotes the common good, gives students a share in the management of the school, develops high ideals of personal conduct, acts as a clearinghouse of student activities, seeks to interest students in school affairs, and helps solve problems that may arise. Members of the council are your representatives and will bring before the council any proposal or concern the student body may have. The council, in turn, will bring recommended changes to the administration.

STUDENT CLUBS/ACTIVITIES

Student-led clubs and activities at Carl Junction High School are designed to provide additional opportunities for students to develop abilities in areas of special interest. These activities are designed to enrich the student experience and promote the mission and values of Carl Junction High School.

In order to initiate a student club, a completed application must be submitted to school administration for approval. Existing clubs must submit a renewal application annually by May 15. New club applications must be submitted by September 30 to be considered for the current school year. (This process does not apply to co-curricular organizations or national honor societies.)

[CLUB REQUEST FORM](#)

NATIONAL HONOR SOCIETY

National Honor Society was founded in 1921 as an organization to recognize and encourage academic achievement while developing other characteristics essential to citizens in a democracy. NHS recognizes and promotes the ideals of scholarship, character, service, and leadership. Membership is both an honor and a commitment. Juniors and seniors are eligible for membership. Selection is made after the first semester each year. Qualifications for acceptance and continuing membership in NHS are:

- Scholarship: Cumulative GPA must be at least 3.5 (B+) through the first semester of junior year;
- Service: School, church, and/or community activities (evaluated on a point basis from information submitted by the candidate); NHS members are required to complete a service project.
- Leadership: Offices held, honors, awards, work record, and home responsibilities (evaluated on a point basis from information submitted by the candidate); and
- Character: Evaluated on a point basis from information submitted by the faculty.

MSHSAA ACTIVITIES ACADEMIC REQUIREMENTS

To participate in any interscholastic activity sponsored by MSHSAA (athletics, cheerleading, dance, music, speech and drama and knowledge bowl), a student in Grades 9-12 must have earned, the preceding semester of attendance, a minimum of 3.5 units of credits or have earned credit in 80% of the maximum allowable classes in which a student can be enrolled in the semester, whichever is greater, and shall currently be enrolled in and regularly attending courses that offer 3.5 units of credit or 80% of the maximum allowable credits which may be earned, whichever is greater; or a student must be enrolled in a full course at his or her level in a special education program for the handicapped approved by the Missouri State Department of Education which, though ungraded, enrolls pupils of equivalent age and that student must have made standard progress for his or her level the preceding semester. A beginning 9th grade student shall have been promoted from the 8th grade to the 9th grade for first semester eligibility.

A student who is dual enrolled in college classes being taken off campus with credit being placed on the high school transcript and high school classes may only count up to one full credit earned from the college classes toward academic eligibility and must be enrolled in and regularly attending the remainder of classes at the high school.

A student who is dual enrolled in college and high school classes but who does not receive high school credit on his/her high school transcript for the college work, may have college hours earned during a regular semester count up to a maximum of 1 unit of credit toward determining high school eligibility as follows: 1/2 unit of high school credit for a 3 credit hour class; 1 unit of high school credit for a 5 hour college credit class.

Summer School MSHSAA policy 213: Summer School Courses may count toward maintaining academic eligibility provided the credit earned for each course is placed on the school transcript, such courses must count toward meeting graduation/promotion requirements, and no more than one credit earned in summer school shall count toward maintaining academic eligibility.

CJHS and OZARK MOUNTAIN CONFERENCE SPORTSMANSHIP GUIDELINES

Carl Junction students and community members are expected to be strong supporters of all activities and athletic events. The administration expects both groups to exhibit positive support for our Bulldogs and refrain from negative behavior. We have included our guidelines for expected behavior at all activities both at home and away.

1. Students and spectators should refrain from booing and/or negative comments toward officials or the opposing team/players.
2. Students must refrain from standing on the floor. All students may stand in the bleachers for the entire game.
3. Signs and banners are allowed at non-district games as long as they are supportive of Carl Junction teams. Signs and banners cannot contain derogatory comments about the opposing team, mascot or officials. Signs and banners must have administrative approval prior to the contest.
4. Students and spectators must refrain from using artificial noise makers.
5. Students may wear clothing that is supportive of Carl Junction teams. Clothing cannot have inappropriate messages or themes. Shirts, pants/shorts and shoes must be worn at all times.

Administrators must use their best judgment in determining appropriate behavior and may require students and spectators to modify behavior in order to abide by the above guidelines. Failure to abide by the above guidelines could result in removal from the activity/contest, suspension from future events, as well as consequences that ultimately include out-of-school suspension.

LETTERING POLICY

CJHS recognizes two distinct letters; an Academic letter and one that may be earned in one of the following areas: Knowledge Bowl; competitive athletics; competitive music; and competitive speech. These letters have the same basic design, but are different from each other by the display of pin, emblem, or script.

The "Academic" letter is the traditional "CJ" with the word Academic etched on it. To show its special significance, the student should wear this "CJ" apart from other letters or emblems on the jacket. The standards for earning an Academic letter are:

1. The student must have a 3.5 GPA for the year with no grade of D, W, F, or I.
2. Four credits per year must satisfy either the definition of core curriculum (math, science, social studies, and language arts) or foreign language.

The other letter recognized by CJHS will be the same "CJ" design minus the word Academic. The four departments awarding this letter may give emblems or pins to differentiate from each other. The standards for earning this non-academic letter will be determined within each department and may be picked up from a teacher in that department. The award procedure is as follows:

1. Letters will be awarded at the end of the year;
2. A letter and certificate will be given the first year;
3. Certificates and bars will be issued for the years that follow; and
4. Other organizations or departments wishing to recognize their talent may do so in the form of a patch or emblem that can be worn on the jacket. It should in no way be similar to the letter "CJ" and must be no larger than 3" x 3".

CARL JUNCTION HIGH SCHOOL ATHLETIC DEPARTMENT

CITIZENSHIP POLICY

Students who represent Carl Junction R-1 School District in interscholastic activities must be creditable citizens. Those students whose character or conduct is such as to reflect discredit upon themselves or their schools are not considered "creditable citizens." Conduct shall be satisfactory in accord with the standards of good discipline.

- a. Law Enforcement: A student who commits an act for which charges may be or have been filed by law enforcement authorities under any municipal ordinance, misdemeanor or felony statute, shall not be eligible until all proceedings with the legal system have been concluded and any penalty (i.e. jail time, fine, court costs, etc.) or special condition of probation (i.e. restitution, community service, counseling, etc.) have been satisfied. If law enforcement authorities determine that charges will not be filed, eligibility will be contingent upon local school policies. Minor moving traffic offenses shall not affect eligibility, unless they involve drugs or alcohol. After a student has completed all court appearances and penalties, and has satisfied all special conditions of probation, and remains a pupil under general probation only, local school authorities shall determine eligibility.
- b. Local School:
 1. A student who violates a local school policy is ineligible until completion of the prescribed school penalties. This includes detention, night school, in-school suspension, and/or out-of-school suspension.
 2. The eligibility of a student who is serving detention or in-school suspension shall be determined by local school authorities.
 3. A student who is expelled or who withdraws from school because of disciplinary measures shall not be considered eligible for 365 days from the date of expulsion or withdrawal.
 4. If a student misses class(es) without being excused by the athletic director, the student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes.
 5. Each individual school has the authority to set more restrictive citizenship standards and shall have the authority and responsibility to judge its students under those standards.
 6. Each school shall diligently and completely investigate any issue that could affect student eligibility.

Citizenship Standards:

1. Alcohol and Drugs—Student participants are expected to lead a drug and alcohol-free lifestyle. The possession, use, or distribution of alcohol, drugs, narcotics, hallucinating agents, controlled substances, illegal substances or contraband by participants in the activities program, at any time or any location, is prohibited. This prohibition includes any illegal performance-enhancing drugs, as well as the misuse of over-the-counter medications and/or prescription medications.
2. Tobacco/Vape—Possession, distribution, or use of tobacco/vape or tobacco/vape products in any form, including smokeless nicotine cigarettes, is prohibited.
3. Eligibility for other activities—In the event the duration of a suspension carries beyond the close of a season, the participant may try out for another activity. The balance of any suspension will carry over to the next activity and season in which the student participates. The student will be ineligible to participate in any practice and/or contest while serving in-school suspension and/or out-of-school suspension.
4. Application—The standards outlined are in effect for students in grades 9-12. Infractions accumulate during the period of time a student is enrolled at these grade levels. Every student enrolled is a potential student participant and is subject to the standards and consequences as outlined above, although at the time of infraction, the student is not actively participating in an activity. Students violating components of the citizenship code shall be subject to disciplinary actions. These general and specific citizenship standards apply to the students 365 days a year, twenty-four hours a day, whether on campus or off, until all extracurricular and co-curricular activities in the participant's High School career have been completed.
5. Right of Appeal—A student may appeal any disciplinary consequence according to Carl Junction R-1 Board Policy.

**The student is expected to immediately report any violation of law to the Athletic Director.

DRUG TESTING POLICY

Each student participating in extracurricular and/or co-curricular activities shall be required to enroll in the drug testing pool. Students will receive copies of the "Student Extracurricular and/or Co-Curricular Activities Drug Testing Policy" and "Student Extracurricular and/or Co-Curricular Activities Drug Testing Consent" form which shall be read, signed, and dated by the student and parent or guardian. Students must turn in the "Student Extracurricular and/or Co-Curricular Activities Testing Consent" form to the high school office by the announced due date in order for the student to continue or to begin practice or participation in any extracurricular and/or co-curricular activity. Any student who does not turn in the required forms by this time will not be eligible to participate in any

extracurricular and/or co-curricular activity for the remainder of the school year. Transfer students will be placed in the testing pool within one week of enrolling in the Carl Junction School District if they intend to participate in extracurricular and/or co-curricular activities.

END OF COURSE ASSESSMENTS

Student/Parent Notification of Statewide Assessments:

Our district will implement end of course assessments in order to monitor the progress of all students in meeting the Show-Me Standards, as set forth by the Missouri State Board of Education. The [CJR-1 Assessment Policy](#) is available online or in the Central Office for viewing, as well as on our district website under *Our District/Academics/Assessment*.

Any eligible student for whom English is a second language shall participate, but the student's scores shall not be counted until the student has been educated in three (3) full school years in a school in which English is the primary language. The state of Missouri allows individual districts to establish a system of rewards and punishments designed to encourage the students of the district to give their best efforts on each portion of any statewide assessment.

Missouri law does not permit students to opt out of statewide assessments.

HOMEROOM

Homeroom serves as an extension of the academic day to provide students time for study or to receive direct assistance from teachers.

Homeroom guidelines:

1. Homeroom will take place Monday - Thursday from 2:40 - 3:05.
2. No Homeroom on Fridays
3. Students will report to Homeroom as they report to other classes; tardies will be issued if students are late to Homeroom.
4. No movement to other classrooms will be allowed during Homeroom, unless a student has an F in a particular class, as indicated by the quarterly progress report OR by a teacher at another time. Student movement to other classes during Homeroom will be directed ONLY by teachers, and students will not be allowed to leave Homeroom unless they are directed to do so by a teacher. A pass or electronic communication will be issued by the receiving teacher.
5. Students causing problems during Homeroom will be disciplined according to the Discipline Code.
6. No movement at all will be allowed during the first three weeks of school.
7. No movement at all will be allowed to or from academic intervention classes without teacher permission.

3. Proof of child's age;
4. Work schedule of maximum of three (3) hours on a school day an eight (8) hours on a non-school day; and
5. Successfully completed the Division of Labor Form, which can be picked up in the Guidance Office.

*Work Permits are a state document of the Missouri Department of Labor and Industrial Relations

CARL JUNCTION HIGH SCHOOL ATTENDANCE RULES

In order to receive maximum benefit from the educational opportunities offered at Carl Junction High School, all students are expected to attend school regularly. Lifelong habits, which will follow our students throughout their professional and personal lives, are formed by regular school attendance. Cultivating this habit of regular school attendance is a shared responsibility between the school, the parents, and the student. In addition to the specific academic requirements in each class, students must maintain an attendance rate of 90 percent. If attendance falls below 90%, the student may be withdrawn from the class for the rest of the semester and may receive a grade of "W". Ninety percent attendance may be achieved by missing no more than four (4) times from each block per

semester. Policy exceptions will be granted for extenuating circumstances only. Extenuating circumstances are to be determined by administration and/or the attendance committee.

Carl Junction High School does not attempt to distinguish between excused or unexcused absences. However, absences for a school-sponsored or school sanctioned activity WILL NOT BE counted toward the four allowable absences. Absences resulting from Health Department-issued Quarantine or Isolation orders WILL NOT BE counted toward the four allowable absences. Any truancy WILL BE counted toward the four allowable absences. All other absences (illness, appointments, funerals, etc.) WILL BE counted toward the four. Doctor notes DO NOT excuse an absence but should be turned in to the office to help prove an extenuating circumstance. Parental notes and calls are needed and appreciated to re-admit the student after an absence or to alert us before the absence, but DO NOT excuse the absence. If you feel your child has an extenuating circumstance, please notify the appropriate administrator (Dr. Keller for students with last name A-K; Mr. Mayes for students L-Z).

When a student's attendance is in danger of falling below 90% in any class, an administrator will talk with the student personally. Upon the third absence from any block, a letter will be sent to the parents reminding them of the attendance policy and outlining the record of absences. When a student reaches five (5) absences the parent will receive a letter notifying them that their student has exceeded the four days of allowed absences. Upon review, the student may receive no credit and a grade of "W" in the specific class(es), or an attendance contract may be offered to the student. The student will be able to accept the contract or appeal the decision.

Students who exceed the maximum number of absences have the option of appearing with their parent/guardian before the Attendance Committee consisting of an administrator, counselor, and/or teachers. The Attendance Committee will determine whether or not extenuating circumstances have occurred. THESE CIRCUMSTANCES MAY OR MAY NOT RESULT IN AN EXCEPTION TO THE POLICY. It is the responsibility of the student and/or parent/guardian to contact high school administration to set up the Attendance Committee meeting upon receipt of the fifth absence letter. Meetings are held before or after school at the high school.

*EMANCIPATION - Only students who are *legally emancipated* may sign school permission, consent, enrollment and/or absence forms in place of their parent or legal guardian (*legal documentation is required*). Students who are 18 years old are still required to have parents clear their absences.

SPECIAL ABSENCES

Vacation trips during school time are not in the best educational interest of students. Families are encouraged to arrange their vacation and special trips during the time school is not in session. If this is not possible and trips must be taken during school time, students and parents/guardians should be aware that all days absent will be counted toward the Attendance Policy.

"SKIP DAYS"

Due to our concern for the safety and welfare of all students, Carl Junction High School does not consider "skip days" as sanctioned activities. Participation in such constitutes truancy and/or defiance of authority and will be disciplined as such. A parent call or note WILL NOT excuse these absences.

VERIFYING ABSENCES

All student absences must be verified by a parent or guardian. Parents may call the office, or students may return to school with a note. It is each student's responsibility to ensure that their absence has been cleared before returning to class. Any student who returns to class without clearing their absence will be considered unprepared for class, and receive disciplinary consequences accordingly.

MAKE-UP WORK

Students who will be absent from classes due to their participation in a school-sponsored activity must check with their teachers for makeup work before the classes are missed. These assignments should be turned in before the date(s) the students will be absent. Students who are absent should make arrangements with their teachers for make-up work immediately upon returning to school. The amount of time allowed to complete the work is up to the discretion of the teacher and may vary from class to class. Any student who does not make these arrangements within two (2) days upon returning to school has forfeited the privilege of making up the work. Remember, you are the one who has been absent; therefore, the assignments you have missed are YOUR responsibility.

BULLDOG CODE OF CONDUCT

Responsibility

- I will arrive to class on time.
- I will complete and turn in all work on time.
- I will bring all needed materials to class.
- I will work the entire class period as directed.

Respect

- I will use language that is positive and appropriate.
- I will interact positively with peers and staff members.
- I will listen actively when others speak.
- I will care for my property, school property and the property of others.

Safety

- I will maintain a safe environment for myself and others.
- I will avoid behaviors that may harm me or others.
- I will follow safety procedures.

CARL JUNCTION HIGH SCHOOL DISCIPLINE POLICY AND GUIDELINES

The Carl Junction R-1 School District has listed the major problems that may interfere with the education of students. If a student chooses to involve himself in these problem areas, a listed disciplinary action may be the consequence for the behavior. Please be aware that this handbook contains guidelines and does not describe all behaviors, nor does it describe the many positive activities used to help students change their behavior. The purpose of discipline at CJHS is as follows:

1. To promote an appreciation of good behavior as a necessary condition of living and working in a free, democratic society;
2. To encourage self-control in the interest of cooperative living, working, and as an obligation that each individual owes to others;
3. To teach students to have respect for proper authority whether that authority is in a person, in a group, or in laws and regulations, with the recognition that proper authority is a necessary and desirable ingredient in group living;
4. To develop the ability to exercise freedom wisely and to realize that there is no freedom from consequences of one's actions; and
5. To increase the ability for assuming responsibility for sharing in problem-solving situations within a group. To this end, every effort should be made to have the discipline within the school be a learning experience that will contribute to the continuous growth of pupils. However, it is recognized that there will be times when authority vested in the schools must be used to control pupils by methods which, in and of themselves, do not contribute to desired growth. Occasionally, in spite of the efforts of teachers, there will be a few students who must be made to understand that they must conform to rules and regulations or be released from school.

The Excellence in Education Act of 1985, Section 5, deals with the establishment of a discipline code and specifically outlines responsibilities as follows:

1. The local Board of Education of each school district shall establish a policy of discipline, a written copy of which shall be made available in the office of the superintendent of such district during normal business hours for public inspection;
2. The policy shall contain the consequences of failure to obey standards of conduct set by the local Board of Education and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged;
3. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, and during intermission or recess periods; and
4. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of school children, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policy of discipline developed by each board under this section.

SPECIAL EDUCATION/HANDICAPPED

"Handicapped and/or Special Education students are not exempt from the disciplinary process, nor are they entitled to participate in district programs when their behavior significantly disrupts the educational process for other students or impairs the good morale or conduct of other students. However, it will be necessary to determine whether the behavior exhibited is related to the student's handicapping condition." - Carl Junction R-1 School District Compliance Plan Public Law 94-142. For specific guidance refer to the compliance plan's policy on Discipline/Suspension/Expulsion Handicapped Students.

DUE PROCESS - YOUR RIGHT OF DUE PROCESS

This booklet has explained the major disciplinary problem areas and the actions that may result for those students who will not follow the rules. All students are entitled to due process. This means that no action will be taken against a student until the facts have been presented by everyone involved and a judgment has been made. There are certain procedures which school officials must follow prior to taking appropriate disciplinary actions. There are also procedures which students must follow if they do not agree with the school's actions. Hopefully, students will never be in a situation where they need the protection of due process. If, however, a student does become involved in a suspension or expulsion, both the student and his/her legal guardian, upon request, will be given a more detailed description of the due process procedure. Students will have knowledge of all charges against them and have the opportunity to express their side of any incident in which they may be involved. If the student is dissatisfied with any decision, he/she has the right to appeal through the following channels:

1. Principal;
2. Superintendent; and
3. Board of Education (Appeals must be in writing and within 10 days of the previous decision. A hearing date will be established within 10 days of receipt of an appeal).

DISCIPLINE POLICY AND DEFINITIONS

Any behavior on the part of the students, which distracts from the educational process of the school or adversely affects the health and/or safety of students, is prohibited. This policy applies to extracurricular activities as well as those taking place during the school day. Before school, between classes, after school, and at all extracurricular activities, student conduct should reflect concern for others. Students are expected to respect each other, school staff members, private property, and school property.

This handbook explains what actions will be taken if students choose to break a policy. Students are responsible for knowing the steps outlined in the policy and for acquainting their parents with them. These steps apply, unless in the discretion of the administration, the student's action requires more or less discipline than stated in the policy. We, at CJHS, would much prefer to prevent discipline problems rather than to punish the student after the problem occurred. We welcome hearing from parents and will use the resources of the school to help any student prevent problems.

Students are subject to disciplinary action up to and including expulsion for serious misconduct away from school and school activities and outside of normal school times for serious acts of misconduct, which may impact the school environment. Such misconduct will generally be disciplined pursuant to the district's discipline policy as if the misconduct had occurred at school.

CORPORAL PUNISHMENT

Corporal punishment is the use of physical force as a method of correcting student behavior. No person employed by or volunteering on behalf of the Carl Junction R-1 School District shall administer corporal punishment or cause corporal punishment to be administered upon a student attending district schools.

A staff member may, however, use reasonable physical force against a student for the protection of the student or other persons or to protect property. Restraint of students in accordance with the district's policy on student seclusion, isolation and restraint is not a violation of this policy.

STUDENT SEARCHES

Students have no expectation of privacy in lockers, desks, computers, or other district-provided equipment or areas. The district will conduct periodic and unannounced administrative searches of lockers, computers, and other district equipment.

The district uses dogs to indicate the presence of alcohol, drugs, or other prohibited substances on campus, including the parking lot. Additional searches of bags, purses, coats, electronic devices, and other personal possessions in accordance with law.

The district may require a student to submit to a drug or alcohol test if there is reasonable suspicion that the student has consumed prohibited substances. See [Policy JFG](#) and [Policy JFCI](#) for further information.

AUDIO/VISUAL RECORDING

Because the district predominantly serves minors, is subject to a number of confidentiality laws, respects parent/guardian and community concerns about privacy, and seeks to minimize disruption to the education environment, the district prohibits audio and visual recordings on district property, district transportation or at a district activity unless authorized by the administration or law. To find more information about our district's policy on audio and visual recording see [Policy KKB](#).

MISCONDUCT DEFINITIONS

ACADEMIC DISHONESTY

Academic dishonesty includes, but is not limited to, cheating and plagiarism. Academic dishonesty is a serious offense. It may result in a zero on a test or assignment and dramatically affect a student's grade in a class.

CHEATING includes:

- Copying from another student's paper
- Facilitating academic dishonesty for another student by knowingly or negligently allowing one's work to be used by other students without the teacher's consent
- Using materials or devices during a test which are not authorized by the person giving the test

CARL JUNCTION R-1 SCHOOL DISTRICT BUS SAFETY

The primary responsibility of the school bus driver is to safely transport students to and from school. Because the misbehavior of students can distract the driver from the safe operation of the bus, inappropriate behavior will not be permitted. The discipline code, which applies to an individual student, will be used as a guideline when discipline is necessary. However, because disruptions on a bus are much more dangerous to the safety of students than are disruptions in a classroom, students may expect more severe consequences. As an example, throwing paper in the classroom may disrupt the learning process while the same action on a bus could lead to a wreck causing injury or even death to many students. Therefore, the discipline for this type of misbehavior on the bus may be more severe than for this type of behavior in the classroom. Students must realize that they are to follow the driver's instructions when loading and unloading. While on the bus, students are to remain seated facing the front of the bus and talking quietly. Some of the behaviors considered unacceptable are:

Hanging out of windows - Throwing objects - Harassment of other students - Profanity - Out of seat - Insubordination - Spitting
- Loud talking or noises - Obstructing aisles

If the District is to be successful in its goal of providing safe and appropriate transportation for students, parents must explain to their children the importance of proper behavior on the bus. Children must realize they are responsible for their actions and that parents will support the school when discipline becomes necessary. Since the safety of children is our primary concern, misbehavior on or around buses will not be tolerated. Specific penalties are listed in the discipline plan. The Carl Junction R-1 Transportation System intends to provide safe and appropriate transportation for students. The support of parents and the community is important in the realization of this goal.

All students who ride the bus home are expected to ride a shuttle bus from the high school to the elementary campus. Students who ride the bus home are not permitted to walk to the elementary campus. Students who fail to meet this expectation may be assigned to a homeroom teacher who will escort them to their shuttle bus. Bus students must go directly to the shuttle bus after school; they will load in the north parking lot and will leave at 3:11. Students are not allowed to loiter on the elementary campus. They are to go directly to their buses when they arrive.

EXPLANATION OF DISCIPLINARY ACTION

HIGH SCHOOL CONFERENCE

A formal conference is held between the student and one or more school officials. Methods the student might use to change his/her behavior will be discussed.

PARENT INVOLVEMENT

Parents or legal guardian(s) will be notified of most disciplinary offenses by automated phone call or personal contact (notification of tardies will not be given). School officials may seek parental assistance in solving the student's problem.

NO CONTACT AGREEMENT

Students may be asked to sign an agreement stating they will have no contact with a specific student or students at any time during the school day, on school buses, school property, or at any school sponsored event.

DETENTIONS

Detentions will be held on Thursday from 7:00 am to 8:00 am and from 3:15 pm to 4:15 pm. Students are to report to the designated room prior to starting time. Anyone arriving late, without administrative approval, will not be admitted. Everyone must bring something to work on while in detention. Students asked to leave detention because of misbehavior (talking, refusing to study, etc.) will be required to retake the detention and additional discipline will be administered. You may not leave campus and return to detentions or vice versa. Students will be disciplined according to school policy if detentions are not served on time.

THURSDAY NIGHT SCHOOL

Night school begins at 3:15 pm and ends at 6:15 pm every Thursday. Students are to report to the designated room prior to 3:15. The school is not responsible for transporting students home. Any student arriving after 3:15 will not be admitted. Students will be disciplined according to school policy if night schools are not served on time.

IN-SCHOOL SUSPENSION (ISS)

Students will be removed from the regular classroom setting and will be assigned to an alternative classroom and teacher when appropriate. Students are allowed to make up work missed in their classes while in ISS. Students in ISS for the 3rd time OR students that receive 5 or more days of ISS will not be allowed to participate in any school activities until the total days of ISS have been served. These school activities include, but are not limited to, field trips, assemblies, contests, athletic events, dances, plays, etc. While in ISS, students will be given assigned work in addition to their schoolwork. It is the student's responsibility to bring books and materials to ISS as they will not be allowed to go to their locker while in ISS. Any student not following the rules of ISS may be assigned out-of-school suspension (OSS). Students may be removed from ISS for not working, sleeping, talking, or any other disruptive behavior as determined by school personnel. Once returning from OSS, the student is required to finish the ISS time.

LONG-TERM IN-SCHOOL SUSPENSION

Students will be removed from the regular classroom setting and will be assigned to an alternative classroom and teacher when appropriate. Long-term ISS is a possible alternative for a long-term OSS consequence. During a long term in-school suspension the student is excluded from all school related activities. The student may be allowed to attend school at a location on main-campus for the purpose of obtaining and completing coursework. Violation of the rules of long-term ISS will result in OSS consequences. Arrangements for students placed in long-term ISS will be determined on an individual basis.

OUT-OF-SCHOOL SUSPENSION

Students will be removed from the regular school setting or ISS when deemed appropriate. They will not be allowed to attend classes, be on school grounds without administrative approval, attend extra-curricular or co-curricular activities taking place at non-school locations and/or participate in any school functions while under suspension. Students will be allowed to complete, for credit, work assigned while under suspension. In order for students placed on short term OSS to receive their assignments, they must attend Thursday Night School as assigned by an administrator. Completed work must be returned to the Night School instructor. Any work not completed, will be given to the student to take home and must be completed and turned in on the date the student returns to school. Students who do not make adequate progress on work while attending Night School or who do not attend Night School will forfeit their opportunity to receive credit for the work assigned during their suspension. Arrangements for students placed on long term OSS will be determined on an individual basis.

Students are prohibited from being within 1,000 feet of school if serving a suspension for an act of violence, drug-related activity, or specified offenses.

LONG TERM SUSPENSION/EXPULSION

During a long term suspension or expulsion, the student is excluded from school and all related activities. The Superintendent may suspend a student up to 180 school days. Only the Board of Education may expel a student from school and it may do so only after a hearing or charge against the student has been filed.

CONFIDENTIALITY

Any information received by a school district employee relating to the conduct of a student shall be received in confidence and used for the limited purpose of assuring that good order and discipline is maintained in the schools.

NEED TO KNOW

Relates to school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties.

REPORTING TO LAW ENFORCEMENT OFFICIALS

Any felony, or any act which if committed by an adult would be a felony listed in Board of Education Policy JGF, that is committed on school property, on any school bus, or at any school activity must be reported by the appropriate school administrator and to the appropriate law enforcement agency as soon as possible.

STUDENT RESPONSIBILITIES

Students have the responsibility to respect and honor the rights of all persons involved in the educational community, to exercise the highest degree of self-discipline in observing and adhering to state and local laws, to the Student Handbook, and to district and school policies and procedures. Responsibility is inherent in the exercise of every right. It is impossible to list all student responsibilities, but it is emphasized that the lack of responsibility creates infringement on the rights of others.

STUDENT RIGHTS

Correspondingly, it is impossible to list all the rights of students. Therefore, the following rights shall not be construed to deny or limit others retained by students at their school in their capacity as students.
