

My 4th Grade Day

My 4th Grade Day			
Announcements:	Continue working on these Activities!		
Weekly Writing Prompt:	What does it mean to be part of a community?		
TIME	ACTIVITY	RESOURCE LINK	TEACHER EXPLANATION
30 Minutes	PE	https://openphysed.org/	Start your child's day out with a class they call 'specials.' Rather than worrying about which 'class' to pick each day, allow your child to have some choice in their first morning activity. That can help get your day started on the right foot. You can always add more time throughout your day for the other 'special classes,' if needed.
	MUSIC	https://sites.google.com/view/mrslindseysmusicgoodies/home	
	ART	https://artprojectsforkids.org/category/view-by-grade/4th-grade/	
	LIBRARY/MEDIA	https://www.edutyping.com/	
45 Minutes	MATH	https://www.aleks.com/	ALEK's and Moby Max both require a password. Your child may already have a login from school. The other sites are also full of math activities that align to our curriculum as well.

		https://boddlelearning.com/	
		hoodamath.com	
		https://optv.pbselearningmedia.org/subjects/mathematics/k-8-mathematics/#_XoY0zi6NPY	
45 Minutes	HANDWRITING/ WRITING	https://www.printnpractice.com/cursive-writing-worksheets.html	While we don't require 4th and 5th grade students to practice cursive writing, this would be a great opportunity to extend their practice from 3rd grade. Your child will need a writing utensil and paper. If wanted you can write a letter using cursive writing as well.
		https://www.mystorybook.com/	This website will allow your child to create books online. If you wish to save their work, you'll need to sign up for an account. In 4th grade, students work on how to structure complete sentences into paragraphs that make sense, with main ideas and details. Your child should be able to successfully use transition words and provide meaningful content in their writing. Your child may choose to write fictional stories or even research a topic to create a nonfiction book. If you prefer a paper/pencil method have your child journal or do similar stories in a notebook.
45 Minutes	READING/READ ALOUD	https://www.readworks.org/student-authentication	Click on google sign in. Then log in using your google account from school.
		Storyline Online	Reading aloud to your child is very important. If you have books at home, feel free to cuddle up on the couch and read to your child. Pause at various points to ask questions about the story. If you prefer an online method, this website has tons of books from guest readers. Pick a book, with the help of your child, and enjoy the story!
30 Minutes	SCIENCE	http://www.sciencefun.org/kidszone/experiments/	Science Fun is full of online science experiment ideas that your child can do.
30 Minutes	SOCIAL STUDIES	https://www.icivics.org/games	ICivics is a website that will allow your child to explore politics and government a bit more.
1 Hours	LUNCH/ FREE PLAY	-Don't forget to access our meal service options. The link provides detailed information to meet your nutrition needs. -Structure is important for children, but so is free time. Keep encouraging physical activity. You can revisit the PE Goodies link above, if needed.	

YOU DID IT! Your brain worked hard today!
