

## My 4th Grade Day

TIME	ACTIVITY	RESOURCE LINK	TEACHER EXPLANATION	HELPFUL VIDEO LINKS
30 Minutes	PE	<a href="https://www.gonoodle.com/">https://www.gonoodle.com/</a>	Start your child's day out with a class they call 'specials.' Rather than worrying about which 'class' to pick each day, allow your child to have some choice in their first morning activity. That can help get your day started on the right foot. You can always add more time throughout your day for the other 'special classes,' if needed.	<a href="#">Need a shorter video for some art drawing lessons? Click Here!</a>
	MUSIC	<a href="https://sites.google.com/view/mrsindseysmusicgoodies/home">https://sites.google.com/view/mrsindseysmusicgoodies/home</a>		
	ART	<a href="https://artprojectsforkids.org/category/view-by-grade/4th-grade/">https://artprojectsforkids.org/category/view-by-grade/4th-grade/</a>		
	LIBRARY/MEDIA	<a href="https://www.edutyping.com/">https://www.edutyping.com/</a>		
45 Minutes	MATH	<a href="https://www.aleks.com/">https://www.aleks.com/</a>	ALEK's and Moby Max both require a password. Your child may already have a login from school. The other sites are also full of math activities that align to our curriculum as well.	
		<a href="https://www.mobymax.com/mo287">https://www.mobymax.com/mo287</a>		
		<a href="https://www.multiplication.com/">https://www.multiplication.com/</a>		
		<a href="https://www.hoodamath.com">hoodamath.com</a>		
45 Minutes	HANDWRITING/ WRITING	<a href="https://www.printnpractice.com/cursive-writing-worksheets.html">https://www.printnpractice.com/cursive-writing-worksheets.html</a>	While we don't require 4th and 5th grade students to practice cursive writing, this would be a great opportunity to extend their practice from 3rd grade. Your child will need a writing utensil and paper. If wanted you can write a letter using cursive writing as well.	
		<a href="https://www.mystorybook.com/">https://www.mystorybook.com/</a>	This website will allow your child to create books online. If you wish to save their work, you'll need to sign up for an account. In 4th grade, students work on how to structure complete sentences into paragraphs that make sense, with main ideas and details. Your child should be able to successfully use transition words and provide meaningful content in their writing. Your child may choose to write fictional stories or even research a topic to create a nonfiction book. If you prefer a paper/pencil method have your child journal or do similar stories in a notebook.	
45 Minutes	READING/READ ALOUD	<a href="https://www.readworks.org/student-authentication">https://www.readworks.org/student-authentication</a>	Click on google sign in. Then log in using your google account from school.	
		<a href="#">Storyline Online</a>	Reading aloud to your child is very important. If you have books at home, feel free to cuddle up on the couch and read to your child. Pause at various points to ask questions about the story. If you prefer an online method, this website has tons of books from guest readers. Pick a book, with the help of your child, and enjoy the story!	
30 Minutes	SCIENCE	<a href="#">Mystery Science</a>	Mystery Science aligns with our science curriculum. You have the option to view just the mini lesson, which includes a video. OR you can choose the full lesson that includes a hands-on activity. These lessons were specifically chosen because they only require typical household items. We hope you enjoy solving science mysteries with your child.	
30 Minutes	SOCIAL STUDIES	<a href="#">Ducksters.com</a>	Ducksters is a website that will allow your child to read a passage and then take a short quiz. This will help them with their reading comprehension and learn new things.	
1 Hours	LUNCH/ FREE PLAY	-Don't forget to access our meal service options. The link provides detailed information to meet your nutrition needs. -Structure is important for children, but so is free time. Keep encouraging physical activity. You can revisit the PE Goodies link above, if needed.		
YOU DID IT! Your brain worked hard today!
