

Mentoring Program Carl Junction High School

The Mentoring Program was designed to help our at-risk students develop relationships with leaders in the community who will be positive role models for them. Mentors typically meet with their assigned student every other week or once a month. It is simply a time to connect mentors with students and discuss issues such as future goals, responsibility, commitment, and the importance of graduating from high school.

Your time is greatly appreciated and the relationships you form with these students are invaluable. Thank you for your willingness to help with this program.
