

The Power of Play

Carl Junction School District in partnership with the Carl Junction Educational Foundation invites you to join us in envisioning the future where all children have the opportunity to play, regardless of physical capabilities.

FOUNDATION**

The Dream is Possible

Play is Powerful and necessary for child development. Play allows children to make friends and develop social skills. It helps build motor skills and strength. Play provides motivation. Ask any child what their favorite activity of the day is and a top answer is recess. Some children are not able to play due to concerns with mobility, strength, or sensory processing skills. We have a vision to renovate our playgrounds to make them accessible for all children to play. We plan to re-surface the playgrounds facilitating safety, independence, and mobility for all people by adding poured-in-place rubber surfacing. We also plan to add structures that are accessible to everyone regardless of ability. Join us in this vision!

Sponsorship Opportunities

Structure Sponsor _____ \$10,000

Buddy Bench Sponsor _____ \$1,000

Surface Area Sponsor _____ \$1,000+

Entrance Sponsor _____ \$300,000
(2 available)

Sponsorship Levels:

Platinum _____ \$100,000+

Gold _____ \$50,000-\$99,000

Silver _____ \$25,000-\$49,000

Bronze _____ \$15,000-\$24,000
