

Name _____

Date _____

ROLL THE DICE POEM

You will need a pair of dice to write this poem. For each line, roll both dice. The sum of the two numbers is the number of syllables that line must contain. Keep rolling until your poem is done.

Try one yourself. Draw the dots or write the numbers for your rolls in the dice. Then add the two together to find the total number of syllables for the line. Use the top line to make a title for your poem.

Multiplication and Division Cut and Paste Practice Sampler

Name _____

Match the products with the multiplication problems.

$2 \times 1 =$	
----------------	--

$2 \times 5 =$	
----------------	--

$2 \times 8 =$	
----------------	--

$2 \times 6 =$	
----------------	--

$2 \times 10 =$
